

Starrett®

Introducing the E258 digital height gage.

Micrometer position indicated
with a NEW digital display.

Streamline gage setup for
various applications.

Same accuracy and
dependability as the 258,
with an easy-to-read digital
display.

The electronic digital display is standard
on all new 258 height gages and may be
added as a retrofit to older 258s.

Battery operated, no power supply or
cords needed.

Available in English and metric models.

One-button operation.

Consider an upgrade the next time you
send your 258 in for repair or recalibration!
